EDUCATION

Lighthouse Labs   Oct. 2018 to Jan. 2019
Full Stack Web Development Bootcamp

SUMMARY

A full stack developer from Toronto, Ontario, with a passion for all things front-end. I am extremely motivated and driven to grow my knowledge and skills in web development. With my many years of working in the hospitality district, I have substantial experience of working as a team, as well as team building. I am excited to bring my eager attitude and past team experience into an innovative environment.

EMPLOYMENT

416 MEDIA   Toronto, Ontario
WordPress Developer (freelance)   Oct. 2019 to Oct. 2019
- data entry, migrating content from old client site to new updated site
- created basic html tables to help organize some of the information
- custom css work to fix with some of the formatting and aesthetic
- connected GoogleMap API and billing to new account

WORLD LEGAL SUMMIT   Toronto, ON
WordPress Developer   Mar. 2019 to Current
- general maintenance of the pre-existing website
- customize layouts as per client's needs
- plugin maintenance which increased speed and search optimization. Brought PageSpeed score from initial 35% to 74%
- worked directly with each city host (approx 30-40) clients to add new updates and revisions to their individual event page (adding logos, documents, location details, speaker information, etc)
- implementing any new requested features or software needs such as:
   - live streaming capabilities for each host location
   - set up Zendesk and created a custom theme for a knowledge base and community section
   - integrated a method to connect the Mailchimp account with separate GoogleSheets to collect
     signup information for each host, when interested parties requested an invite to their cities Summit.

TORONTO LAWN TENNIS CLUB   Toronto, Ontario
Member Services Supervisor   June 2013 to Oct. 2018
- booking tennis/squash courts for members
- giving tours to new perspective members
- answering all inquiries
- being knowledgeable and up-to-date on all club related news and events
- training all new front desk staff
- assisting with any requests from other departments
